EUCALYPT COLLECTION

A kitchen scene featuring white cabinetry with gold-toned hardware and a light-colored wood floor. The upper cabinets have glass-fronted doors, and a white door is visible in the background. The overall aesthetic is clean and modern.

A message from the manufacturer:

RESPONSIBLY HARVESTED & MANUFACTURED

Our company employs sound environmental care policies by using renewable resources and VOC safe components. We take great pride in being able to offer everyone a totally safe, green product. Our 3 layered engineered flooring composition encompasses the use of legally compliant, and over 70% renewable timber resources.

WORLD CLASS FINISHING

The strength of our technology and production processes allows us to distribute our timber flooring products worldwide with confidence, even in extreme climates. This ensures a look and feel to suit your design preferences and needs, which will last the lifetime of the floor.

SUPERIOR STABILITY & CONSISTENCY

HEVEA BRASILIENSIS (Rubberwood) is a plantation hardwood timber that has similar density to White Oak. It is well-known that Hevea core in 3 layered engineered floors is stronger and more reliable than other species used in the market, due to its physical and mechanical strength.
